Domestic violence hurts the whole family

Domestic violence can occur in any family, regardless of race or culture. It can happen to anyone. Women, men, and children are all at risk. It is important to know the signs and seek help if you are experiencing it.

Signs of domestic violence include:
- Physical harm
- Emotional abuse
- Financial control
- Sexual assault
- Child abuse

If you are experiencing any of these signs, it is important to seek help. There are many resources available, including hotlines and support groups.
