

Keeping People Healthy Category

The Keeping People Healthy Award category is for resources or campaigns raising awareness of healthy choices, preventing ill health and improving the overall health and wellbeing of the CALD community.

This award acknowledges the multicultural project or multilingual resources:

- Reducing negative health impacts through providing culturally and linguistically appropriate resources
- Improving health outcomes at risk CALD groups
- Supporting communities to make healthy lifestyle choices, such as tobacco control, healthy eating and physical activities, obesity, diabetes, and other health issues.

Patient Safety First Category

The Patient Safety First Award category is for resources or campaigns promoting high quality patient safety with innovative and engaging approaches.

This award acknowledges the multicultural project or multilingual resources:

- Applying innovative approaches to improve patient safety
- Displaying best practice approaches to ensure the patient safety
- Increasing patient participation to improve patient safety
- Achieving an outstanding improvement in patient care model.

Transforming Patient Experience Category

The Transforming Patient Experiences Award category is for resources or campaigns promoting collaboration between patients and health care teams to improve health.

This award acknowledges the multicultural project or multilingual resources:

- Promoting the CORE values throughout the patient experiences in the health system.
- Engaging patients in planning, health care service delivery and decision making processes
- Supporting CALD patients to participate in their own health management

Pandemic Response – COVID-19 Category

The Pandemic Response – COVID 19 Award category is for resources or campaigns promoting COVID-19 knowledge and information.

This award acknowledges the multicultural project or multilingual resources:

- Addressing the concerns of CALD communities on COVID-19 and vaccination
- Providing reliable COVID-19 information and messages in time
- Delivering COVID-19 messages in a culturally appropriate manner and format.

Staff Member of the Year Awards

The Staff Member of the Year Award recognises the NSW Health staff member who has made an outstanding contribution to developing, disseminating and/or promoting multicultural health resources or campaigns.

Volunteer of the Year Awards

The Volunteer of the Year Award recognises the exceptional contribution of an individual who has helped develop, disseminate and/or promote multicultural health resources or campaigns.
