

- NSW has now reached 88.6% single dose and 67.7% double dose vaccinations.
- Thank you very much to everybody for your ongoing efforts. We have administered more than 10.45 million doses in NSW!
- There were 594 locally acquired cases of COVID-19 in the 24 hours to 8pm last night. Sadly, 10 people have died.
- Please make sure you know the restrictions in your area <https://www.nsw.gov.au/covid-19/rules>
- Please continue to come forward for testing, even if you have the mildest of symptoms. There are more than 500 COVID-19 testing locations across NSW.
- We are particularly encouraging residents of Jindabyne, Figtree, Merewether, Wallsend, Cessnock, Blue Haven, Mount Druitt, Guildford, Belmore and Croydon Park to be vigilant for symptoms and to please get vaccinated.
- Thank you to everybody for staying the course through some very challenging months. We are really pleased to see case numbers going down and vaccination rates rising.
- We all want to get back to doing the things we love, but as we open up it is really important that we all continue to act cautiously and follow the updated health advice.
